

Canvas

Medium size primed canvas- When you are purchasing a canvas if you are planning to frame your painting look for sizes that will fit into ready made frames

Paint

You will need a good heavy body artist grade acrylic paint in several colors I have listed a few that are good for mixing a wide range of colors.

Yellow- Cadmium Yellow Medium Hue, Azo Yellow Medium or Hansa Yellow Medium

Red- Naphthol Crimson or Naphthol Red Light

Blue - Ultramarine Blue

Green - Phthalo Green or Permanent Green Light

White - Titanium White

Black - Mars Black

Brown - Burnt Sienna

Gloss Gel Medium

Brushes

You will need at least three different sized brushes it is nice to have several brushes in different sizes some soft and some stiff

Be sure that the brushes are for acrylic paint if they are not they will not last very long.

Round - small and medium

Bright - medium and large

Flat - large stiff and medium

Fan - medium

Paint Palette

Disposable paper palettes eliminates clean-up but you lose paint

I like a covered palette they have a sponge insert use sheets of acrylic film they keep the paint from drying out. The small Masterson's Handy Palette measures 8-1/2" x 7" is about \$10.
